

Arbor Day Village Library Chronicle

Note from the Director

As I am typing this we are in the middle of the blizzard and boy is boring being stuck in one place for a long period of time. I did get a lot of things done around home, though, which should count for something. I did a lot of shoveling and managed to get my car out as well.

If you are not aware or have forgotten, we have surveys available to fill out. Give us some feedback on how we are doing at the library. My goal this year is to make the library a place where the community can come and have a good time. If you have any program ideas or want to run one yourself, let us know we will see

what we can do to fit it in. This month there is not going to be a lot of programs except the activities that we have in our makerspace area. Please come and use it. Once the weather gets nicer there will be more programs scheduled that won't have to be canceled due to the weather.

This month is:
National Craft Month
Youth Art Month

Adams Free Library

Summer Reading Planning

This year's theme is Imagine Your Story. We are in the process of planning for our annual summer reading program. We will keep you posted as things get planned and scheduled. Programs

this year are going to be a mix of the self-directed programs which you do on your own time during the regular library hours and ones that are on a specific day at a specific time. If you have

any ideas, please let us know. Also, we are hoping to have adults participate in our summer reading program.

Inside this issue:

New Young Adult Books	2
New Adult Books	2
New Juvenile Books	2
Book Nook	3
Makerspace	3
Other Programs	3
Save the Date	4

Special points of interest:

- Book Club Meeting Wed. Mar. 25th
- Summer Reading Planning in process
- Summer Reading Kickoff— June 30th @ 4:30 pm

Book Nook - Book Club News

Newcomers always welcome to join us. We usually meet the 4th Wednesday of the month unless otherwise noted.

Book to discuss:

Next Meeting is
March 25th @
6:30 pm

Makerspace — S.T.E.A.M Area

March 9th—March 14th
St. Patrick's Day STEM

March 16th—March 21st
St. Patrick's Day STEM

These are all during regular library hours.

The activity will change from time to time and it will be posted on our board in the hall with the activity or challenge. These will usually follow the current season or holidays.

If there is something you are passionate about and would love to teach others it, please see a library staff member to discuss

and we will schedule something. We are always looking for program ideas especially in this area.
